**TAKING ACTION FOR
CHILDREN AT RISK**

With your help we
can do more

Design: ALL Creative Branding | www.allcreativebranding.com

Danny and Joan Smith (with Reverend Devaraj) were visiting the Jubilee Homes (in March) just as the pandemic hit. Rev Devaraj and his team acted well ahead of guidelines to lockdown the projects. Food and supplies were immediately sourced to sustain the 100+ children, many of whom have compromised immune systems making them especially vulnerable.

Rachel Smith Newman spent six months on furlough this year and thoroughly enjoyed some quality time with her husband and their two children. They had hoped to visit Jessie's House in Zimbabwe in the spring, but Covid-19 forced them to postpone their plans. Rachel is pleased to be back in the office and has worked hard on our latest newsletter.

Congratulations! Ann Buwalda was named Alumnus of 2020 at Regents University. She is already a triple-degree holder earning her Juris Doctor (Law '90) and completed two master's degrees. Ann is director of Jubilee Campaign USA and founder of Just Law International in Washington DC, dealing with immigration, asylum and refugee cases.

Keep safe this Christmas

Thank you for standing with us during this challenging year.

Your support helps us to keep our promise to Children at Risk.

Danny Rachel Joan
